CAREER OBJECTIVE

To obtain a challenging position as a Web Developer where I can utilize my skills in ASP.Net, ADO.Net, C#, HTML, CSS, Java Script, and Bootstrap to build efficient and user-friendly web applications, while continuously learning and growing in a professional environment.

TECHNICAL SKILLS

- **Languages: C#**
- **Frameworks & Technologies: ASP.NET, ADO.NET**
- **Web Technologies: HTML5, CSS3, JavaScript, Bootstrap**
- **Database Management: SQL Server**
- **Development Tools: Visual Studio**

PROJECTS

1. Employee Management System

- Developed a web-based Employee Management System using ASP.NET
- Implemented complete CRUD operations
- Managed employee records efficiently with database integration
- Designed user-friendly interface for data handling

2. Noor Fashion & Mehndi (Static Website)

- Created a static business website for dresses and mehndi designs using ASP.NET
- Designed responsive UI using HTML, CSS, and Bootstrap
- Showcased products and services with an attractive layout
- Improved user experience with clean navigation and design

3. Student Management System

- Build a dynamic web application using ADO.NET
- Implement role based authentication (Admin/User Login & Logout)
- Developed modules for student registration, course management, attendance, fee management, etc
- Perform complete CRUD operations for managing records
- Ensure secure and structured data handling

4. Personal Portfolio Website

- Developed a personal portfolio website using HTML5, CSS, JavaScript, and Bootstrap
- Showcased personal details, skills, and projects in a professional format
- Designed fully responsive layout for multiple devices
- Built using Visual Studio for deployed and testing
